

# Leading for Renewal

Leadership support for System Partners

2022-23

# Introduction

Leading for Renewal is building on the success of its pilot year to offer expanded support to System Partners in 2022–23. We're committed to helping broaden the diversity of leaders within the sector by supporting existing and aspiring leaders to develop the skills, relationships and knowledge they need to lead effectively, both now and in the future. Leading for Renewal plays an important role in this shared ambition.

# Types of support

Leading for Renewal is a package of support for those within our long-term System Partners, taking the form of a suite of opportunities including learning and development, executive coaching, a Leader Line service and a cross-sector mentoring programme for people from underrepresented groups.

# Partners behind Leading for Renewal

We're working with a number of expert partners to support Leading for Renewal and we're looking to grow the offer.

Leading for Renewal partners include:

# Universal offer to all leaders at every level within System Partners

This year, Leading for Renewal has extended our universal offer to support anyone who is leading or looking to develop their leadership skills and style within our System Partners.

- **MissionINCLUDE mentoring** – for those from underrepresented groups, powerfully combined with Executive Reverse Mentoring
- **Online learning & skills development** – Management Future's six online modules to develop leadership skills and behaviours
- **Leader Line** – A safe, coaching space for leaders to explore specific challenges and work so they can lead change.

Increased universal offer:

**140** places available on the two mentoring offers

**6** online workshops

**140** places for Leader Line coaching

# Executive and Senior team support

As part of our continuing Leading for Renewal pilot we have:

**20** places for CEO coaching

**20** for CEO skills development support

**15** offers of senior team coaching and team effectiveness support

We know it isn't possible to support everyone in this way. These offers are designed for Executive leaders who are either new into their CEO role, or they and their teams are looking to drive strategic change aligned to [Uniting the Movement](#). If you'd like to understand more about these bespoke offers, please speak to one of our System Partner Relationship Leads. Or perhaps consider if the Leader Line coaching offer would meet your needs.

# Interested?

Please see our prospectus to find out the deadline for applying to each offer.

Some offers such as mentoring run a single cohort for the year, others such as Leader Line are open throughout the 12 months. The first deadline closes on 31 August 2022.

Find out more from the Leading for Renewal prospectus, chat to your System Partner Relationship Lead, or get in touch with any of our Leading for Renewal Partners. Contact details in prospectus.

“ I think that what this whole programme has helped us to do is actually embed diversity and inclusion across everything we do, rather than it being a topic that is separate to what the organisation does, it is part of what the organisation does. That, for me, is a really positive change in the right direction for the sport.
